

Absolutely Snow

Based in Bangor in North Wales Absolutely Snow has a fully equipped ski and snowboard repair and service workshop. With the latest Winter Steiger Sigma Eco auto feed machine, we can repair, service and maintain all your skis and snowboards. Very quick turnaround from 24 hours!

Why Service your skis or snowboard?

It is simple really - Sharp edges help your skis and snowboard grip and turn while a smooth waxed base helps them glide over the snow much better. Remember skiing when your skis were new? A good service bring back that feeling!

Ski Repair Menu

The Full Works £35

- Base clean and initial grind
- Repair any base damage (large patched are charged separately)
- Base level
- Sharpen edges (detune the tips and tails)
- Your choice of hot wax – universal, snow temperature specific or dry slope
